

Image::makeMonochrome

```
graph LR; A[Image::makeMonochrome] --> B[Image::Image]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'Image::makeMonochrome'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Image::Image'. Both boxes have a thin black border.
